DETAILED ACTION

Election/Restrictions

1. Claims 1 and 14 are generic and allowable. Accordingly, the restriction requirement as to the encompassed species is hereby withdrawn and claims 8-13, directed to the species of figures 6-18 are no longer withdrawn from consideration since all of the claims to this species depend from or otherwise include each of the limitations of an allowed generic claim.

In view of the above noted withdrawal of the restriction requirement as to the linked species, applicant(s) are advised that if any claim(s) depending from or including all the limitations of the allowable generic linking claim(s) be presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 44 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: The prior art of record does not show a seatback for a vehicle seat having an occupant's back support in the front side of the seatback and a backboard, that is rigid yet deformable, in the back side of the seatback; where the backboard has a plurality of crevices that stay closed and thereby provide a flat surface for supporting load/cargo applied to the back side of the seatback, but open when the backboard is deformed by a load applied to the front side of the seatback. Moreover, while the prior art shows elements of the claimed invention, such as a seat support having crevices (Maier et al.) and a plate disposed on

the back side of a seat back that remains flat or deforms when a load is applied to the back side or front side, respectively (Pajon), there is no motivation to combine these elements.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
